Let's Give For Growth Together!

Dear Friends,

This month we are celebrating 15 years of work in El Salvador! It has been a decade and a half of planting seeds, putting down roots, and cultivating growth in our community. It's exciting to see the fruit that is happening, heartbreaking when we face dry seasons, but never boring!

Here are a few impacts so far this year:

- Over 10,00 meals served
- The launch of computer and sewing workshops
- 3 graduates from the New Dawn Residential Program
- 9 clients preparing to graduate from the Level System in the Lighthouse Resource Center
- Weekly Bible studies going strong
- 10 survivors of trafficking and violence in our Free The Girls program
- 100 different clients participating in group therapy sessions
- The addition of a medical clinic in a rural community in Chalchuapa

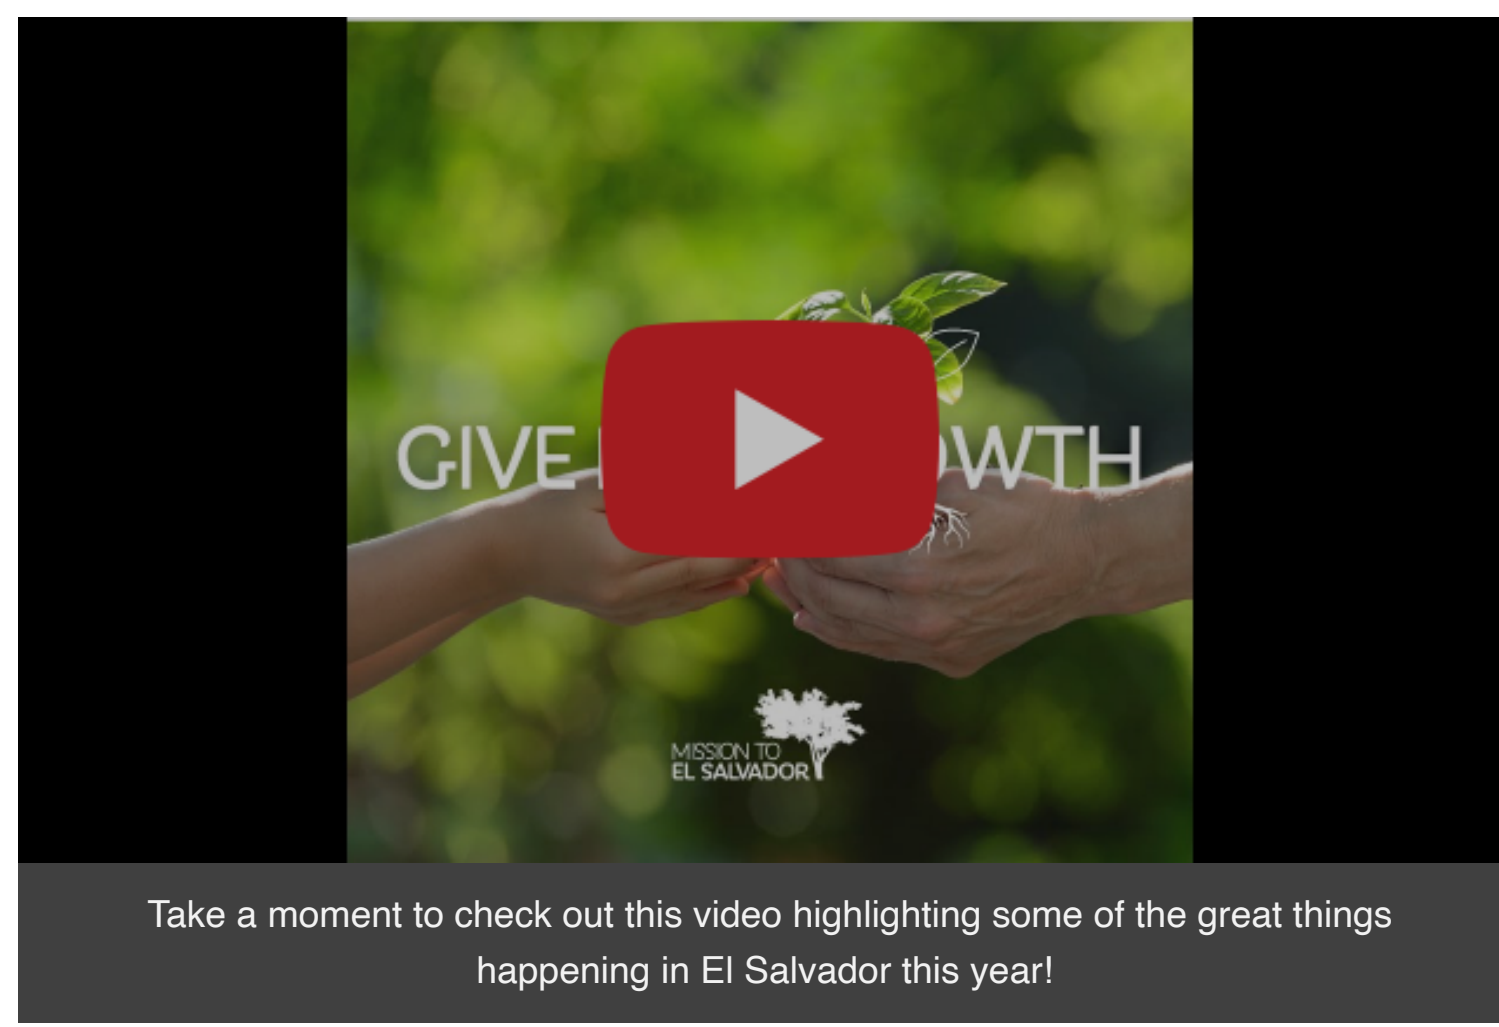

These numbers all represent people and life change! These resources are meeting needs, but they are also providing resources and opportunities for dignifying work and a fresh start!

We know that we can't keep growing unless you keep giving! As we launch our 2024 giving campaign, we hope that you will join us as we GIVE FOR GROWTH together. A generous donor has agreed to match up to \$10,000 in funds so your donation goes twice as far if you give now! Our goal this year is a big one...we want to raise \$100,000 to finish out this year and start next year strong.

We know that with your help and generosity we can reach that goal together! Let's do this!

For Growth,
The Snyder Family & the MTES Team

We are so proud of them and all the hard work they did to learn how to better care for our clients and residents. Our team continues to grow in their knowledge and skills *(bottom right)*.

Pray With Us:

- For us to meet our fundraising goals by the end of the year! Our goal is big so we are praying for God to move people's hearts to move generously to join our work!
- For our Lighthouse Resource Center clients as some of them are working toward graduating from the Level System this month and setting goals in their lives.
- For "D" who just graduated from the New Dawn Residential Program and is working on the follow-up phase of the program.
- For several of our staff dealing with family and health issues to experience peace, comfort, and healing.
